THE STRIKE ORDERED

President Shaffer Calls Out All of the Amalgamated Men.

TAKE EFFECT AUG. 10

The Order Will Involve Over 100,000 Men and Suffering and Even Bloodshed Is Predicted as the Final Result of It.

Pittsburg, Aug. 7.—The die is cast; the battle of the giants is on in earnest, whether to ignominious defeat of one side or the other, or compromise remains to be seen. Up to now it has been merely a skirmish, each side is trying to find a vulnerable spot in each other's armor. Now it is different, brought about by the actual issuance of President Shaffer's long talked of strike order. This order is to take effect after the last turn of the mills on Aug. 10. What the result will be, no man can foretell, but judging by the expressed determination of both parties to the controversy the battle will be fast and furious.

Much money will be lost, thousands upon thousands of Amalgamated men will be idle, great suffering is looked for, even bloodshed and death are possible, and feared. The strike includes all Amalgamated men in the United States Steel Corporation's employ, not now on strike and will involve over 100,000 men.

DEFEAT MUST COME.

Neither Strikers Nor Steel Company Will Yield to the Other.

Pittsburg, Aug. 7.—It is generally accepted as a fact the steel workers strike will not be terminated until one or the other of the contending parties are defeated. There are some who express the opinion that the order of President Shaffer will not go into effect and that a compromise will be made before the week is out. As far as Pittsburg is concerned, although it is headquarters of the Amalgamated association, few men are immediately involved in the strike, in comparison with other sections, the total number throughout the country being almost 100,000 men.

There is no question but that the various companies of the United States Corporation will make efforts to start up some of the idle plants immediately and thus prevent a strike, if possible before its inception. Such a move was made at Clark's plant early this morning, and consternation reigned among the strikers in the Lawrenceville district when they learned that Captain Louis T. Brown, the general superintendent of the mill, had started up the 10 and 12 inch mills. A few of the strikers were around the plant and when they saw the two mills in operation they were speechless with surprise. The mill started with about 100 men and boys and Captain Brown says the entire plant will be running before the end of the week. Manufacturers in general profess confidence in the ability to get men to man the mills.

No disorder is reported anywhere. The Amalgamated association is making desperate attempts to break down the bulwarks of the non-unionists in the mill of the Carnegie company, the National Steel company and American Steel Hoop company. Organizers are at work at Homestead, Duquesne, Braddock and the upper and lower mills in this city and the Amalgamated people claim many converts in these non-union strongholds.

Jesse James in a New Line.

Kansas City, Mo., Aug. 7.—Jesse James is going to quit the cigar business. He has opened a pawn shop at 1215½ Grand avenue, and will dispose of his old stand in the near future. It was his father's record that brought many a nickel to his place that otherwise would have gone somewhere else. Whether this charm will hold good in the new store remains to be seen. James thinks that it will, and, besides, as he says, "There's more money in it."

Fend Ends in a Killing.

Princeton, Ind., Aug. 7.—James Harbison, 30 years old, shot and instantly killed Frank Osborn, aged 21, in a field near Oakland City. Harbison says Osborn came to a field where he was working and announced that he was going to shoot the heart out of him, and then started to draw a revolver, whereupon he placed a ball between Osborn's eyes, killing him instantly. Harbison gave himself up. There had been a feud between them for some time.

Nothing from Mr. Rockhill.

Washington, Aug. 7.—The state department has heard nothing from Rockhill for several days as to the situation of affairs at Pekin and is at a loss to understand the reasons for the reported refusal of the English minister to sign the protocol. It is expected, however, Mr. Rockhill will be heard from fully on the subject in case delay bodes any serious issue over the conclusion of

things.

Wreck on the Katy.

Fort Worth, Tex., Aug. 7.—A wreck occurred on the Katy between Whitesboro and Pottsboro. The caboose and one car of a freight train went in the ditch. Conductor Marshall was slightly injured, but not seriously. The track was blocked and traffic suspended for some time. The passenger due here early this morning did not reach the Union depot until about noon.

KILLED BY HIGHWAYMEN.

Two Men Dead, Another Shot and Several Robberies Committed.

Lawton, O. T., Aug. 6.—Two men killed by highwaymen, one seriously wounded, \$1600 in money and nine watches taken, is the original record of the Lawton district for 24 hours. Irwin Rogers of May county, Oklahoma Territory, was shot and killed by one of three men who attempted to hold up a party a mile south of the townsite. All but Rogers ran and the robbers thought he intended to fight.

Another gang of highwaymen robbed nine different prairie schooners near Rush Springs Sunday night. The telegraph wires were cut and the news did not reach here until Tuesday. The gang was composed of three men, all of whom rode thoroughbred horses.

In one wagon containing S. E. Beemblossom of Guthrie, his 11-year-old son, two other persons, young Beemblossom was killed and a man, name unknown, riding a horse nearby, was shot and seriously wounded. The highwaymen in each instance escaped.

Took Both Prizes.

Fort Sill, Aug. 7.—John Wood of Weatherford, O. T., who drew No. 1 in the Lawton land district, created a sensation at the land office when filing for his claim, chose 160 acres running the entire length of the townsite south, which, according to the government plan, is the two most valuable selections in the whole reservation.

Miss Mattie Beals of Wichita, Kas., the telephone girl who had drawn No. 2 from the wheel, had counted on selecting one of these, but when Wood made the selection noted, she had to content herself with a tract south of Wood's and two sections away from the town. Wood's claim is valued at about \$50,000.

War on Gambling.

Lawton, O. T., Aug. 7.—After waiting in vain for the authorities to act, the citizens of Lawton took the gambling question in their own hands Monday night. The "surething" gamblers, emboldened by their successes Saturday and Sunday, stopped at nothing Monday. People were openly robbed. A crowd of homesekers finally organized and served formal notice that no more unlicensed gambling would be permitted in or around Lawton.

It was a business organization which did not mind any words and there are no "surething" devices in sight.

Relay Wireless Telegraphy.

Boston, Aug. 7.—Wireless telegraphy by a relay system is to be tried in the vicinity of Boston. The system is the invention of Edgar S. Gray and it was tried in Vermont a short while ago. The apparatus consists, generally speaking, of two kites. One transmits the message and the other charges it with more force and sends it on. The inventor says he is able to send a message 50 miles overland and then pass it through the relay apparatus which he can manipulate from the starting point. He believes that such stations could be established at intervals of 50 miles, repeating and forwarding the message almost indefinitely.

Rainfall of Fifteen Inches.

Albemarle, N. C., Aug. 7.—The most destructive rain in 40 years fell in this vicinity Monday night. Little Long Creek washed out a fill on the Yadkin Valley railroad and swept away about 200 feet of the track. Trains have been tied up here for 12 hours. Great damage was done crops. Several bridges and watermills were washed away. The rainfall is believed to have been 15 inches.

Trouble Between Indians.

Helena, Mont., Aug. 7.—Trouble is brewing on the Flathead Indian reservation between Indians and halfbreeds. Tuesday near Roman Station six Indians and three halfbreeds fired a number of shots, one of the Indians being shot in the arm. The Indians object to halfbreeds picking up cattle on the reservation. Both sides are reinforcing and more trouble is anticipated.

Seven Are Dead.

Philadelphia, Aug. 7.—Seven dead, three or four probably fatally injured, and more than 60 persons hurt more or less seriously, is the latest revised record of Monday night's explosion in the block on Locust street, above Tenth in this city. How many more victims, if any, are still in the ruins will not be known until the debris has been cleared away.

Prof. Sherwood Dead.

Ballston, N. Y., Aug. 7.—Prof. Henry Sherwood of John Hopkins university died at Ballston Center. He was

THE MEXIA WILL CASE

Officers of Compromise Being Made
by Ramsey Heirs.

HARD FOUGHT SUIT.

Texas Lawyer at New York Consulting
the Claimants There in the Con-
troversy—The Value of the
Property Has Dwindled.

New York, Aug. 7.—George H. Plow-
man, a lawyer of Dallas, Tex., is in the
city for the purpose of consulting his
clients, Mrs. Mary Gray Mexia, widow
of General Mexia of the City of Mexico,
and her daughter, Miss Amara Lucy
Mexia, who are among the contestants
of the will of General Mexia, who died
in the City of Mexico in 1890. His es-
tate consists of more than 50,000 acres
of land in Texas, as well as bonds and
other property.

Offers of a compromise have been
made by some of the contestants and
Mr. Plowman will discuss these terms
with Mrs. Mexia and her daughter. The
contest of the will, which has been be-
fore the courts at Dallas for more than
five years, is one of the most celebrated
law cases of the state. The estate origi-
nally was valued at \$1,000,000, and is
now believed to be worth about \$300,-
000. Mrs. Mexia is now living in Pat-
erson, N. J., where they have resided
for several years. General Mexia held
a high rank in the Mexican army, was
a close friend of President Diaz and for
a long time one of his chief advisors,
and for many years was president of
the Mexican National Lottery.

According to evidence before the Dal-
las court it was shown that in 1867 he
met Miss Mary Gray, who was at the
time living with her father near New
Orleans. General Mexia being on ac-
tive duty in the Mexican army at Tam-
pico at the time fixed for the wedding,
a marriage by proxy was arranged. The
validity of this marriage by proxy has
been repeatedly attacked, inasmuch as
General Mexia in 1868 married Mrs.
Ramsey, widow of Colonel A. C. Ram-
sey, a United States army officer. Three
children were born to Mrs. Ramsey
while she was the colonel's wife, Clar-
ence M., Inez and Adele. The second
wife having died on March 25, 1896, the
general married Mrs. Martha W.
Weightman of this city.

When General Mexia's will was offered
for probate in Dallas it was found he
had left all of his estate to Inez and
Adele Ramsey Mexia. The Ramsey-
Mexia sisters have now offered to com-
promise the case, it is said, and the
question of accepting the terms of com-
promise offered is being considered by
the other side.

Funeral of Empress Frederick.

Berlin, Aug. 7.—The funeral of Em-
press Frederick will take place on Tues-
day next. The remains will be depos-
ited in the Friedens-Kirchens mausoleum
near Potsdam.

Comment of French Papers.

Paris, Aug. 7.—French papers print
long obituary notices of the dowager
empress of Germany. Most of them
dwell at length upon the energy she dis-
played in the struggle with Bismarck.

More Troops Deemed Necessary.

Oberursel, Aug. 7.—The troops order-
ed here in connection with the funeral
of the dowager empress of Germany has
been greatly augmented. It is stated
that this is done owing to the presence
of a large number of Italian workmen
on the new railway near Friederschoff,
some of whom are said to have gone so
far as to cut the telegraph wires be-
tween Cronberg and Hamburg.

Refused American Gold.

New York, Aug. 7.—The United
States naval collier Brutus, which has
just arrived at Tompkinsville, Staten
Island, from Guam, brings an interest-
ing story of a refusal to accept American
gold during the voyage. At Port Said
entrance to the Suez canal the Brutus
commander was asked for \$840 tolls
which amount was tendered to an Ameri-
can gold, but was refused. It was not
until the government had been com-
municated with that the boat was re-
leased.

Assassination of King Humbert.

New York, Aug. 7.—Large red plac-
ards were posted throughout Paterson,
N. J., announcing that the "Right of
Existence" group of anarchists will pro-
duce at the American theater here on
Sunday, Aug. 18, a grand tragedy called
"The Assassination of King Humbert I." The play will depict Bresci draw-
ing the fatal lot at a meeting of the
group, his journey to Italy, the scene of
the assassination and Bresci' imprison-
ment and suicide.

To Protect American Interests.

Washington, Aug. 7.—The navy de-
partment has ordered the gunboat Ma-
chias, now at Boston, to proceed to
Hampton Roads and thence to Colon, at
the eastern terminus of the Panama
railroad, to look after American inter-
ests there. This is in connection with
the reports of disturbances and inter-
ruption of traffic at the isthmus.

Trains Held by Washouts.

Albuquerque, N. M., Aug. 7.—Six
passenger trains are tied up here owing
to washouts on the Santa Fe railroad.
It is expected that repairs on the main
line can be completed in a day, but no
trains can be run to or from Santa Fe
for a day or two. Near two inches of
rain fell at Santa Fe in two hours. Tele-
graph wires are in bad shape.

TEXAS NEWS.

Crushed Under a Train.

Texarkana, Ark., Aug. 7.—H. B.
Dickinson, a citizen of Fulton, 20 miles
north of here on the Iron Mountain
railway, jumped from a moving train
fell under the wheels and was crushed
to death. He was returning from a
visit here and had purchased a ticket
for a point beyond Fulton, but is sup-
posed to have changed his mind and
thought to get off at home, with the
result noted.

Largest Negro Dead.

Tyler, Tex., Aug. 7.—Jim Henry, a
negro, died near this city a few days
ago. He weighed nearly 400 pounds and
was 6½ feet tall. It required a coffin
seven feet long and three feet wide in
which to bury the negro. Deceased was
quite a noted character and always vot-
ed the Democratic ticket straight.

Killed by a Fall.

Henrietta, Tex., Aug. 7.—Reuben Dud-
ley, aged 20, was thrown from a horse
here which fractured his skull and
crushed him internally that he died.
He was riding over a rough piece of
ground when his horse stumbled and
fell, throwing him to the ground, his
head striking a large rock.

Greenhaw Still Living.

Kemp, Tex., Aug. 7.—John Greenhaw
who was shot at Aley 18 days since is
still living, but little hopes for his re-
covery is entertained. He is paralyzed
from his waist down, and the fever re-
sulting from the wounds is likely to
destroy him.

Knights Templar Programme.

Louisville, Aug. 7.—The official
programme of the twenty-eighth triennial
conclave of Knights Templar to be
held here the last week in this month
has been announced. The week will
open Sunday with public worship at
the Broadway Methodist church. Mon-
day will be devoted to receiving at de-
pots and escorting to quarters all ar-
riving commanderies. Monday night
the opening of the headquarters of the
Grand Commanderies of Kentucky. Tues-
day morning the big parade, Tues-
day night a reception at Masonic Wid-
ows' and Orphans' home, entertainment
at the Confederate hall entitled "Dark-
est America" fire works, and first of
the series of excursions up the Ohio.
Competitive drill is scheduled for Wed-
nesday and Thursday night the grand
ball. Friday will be devoted to side
trips through the blue grass region and
Mammoth Cave.

Battery Charge Record.

Chicago, Aug. 7.—Nearly 200 miles
on one battery charge is the latest per-
formance of an electric automobile, set-
ting a new mark for these vehicles.
The machine is the joint output of two
Cleveland companies and a Chicago
company. The performance of the new
machine is due to the advanced im-
provements in three parts of the
machine, battery, motor and running
gear, which enables it to cover more
than twice as many miles on one charge
as has heretofore been done by electric
vehicles. The test was made on the
Chicago boulevards.

Miss Gattlin Missing.

New York, Aug. 7.—Miss Amanda
Gattlin of Nashville, Tenn., is missing
and relatives are now in the city trying
to find her. Miss Gattlin, who is 21
years old, and who is described as a
typical southern beauty, disappeared
from New York about June 10. She
came here for the purpose of complet-
ing her studies. Early in June, it is
said, her baggage was sent to Green-
wich, Conn., from the hotel where she
had been stopping, but up to the pres-
ent time no trace of the young woman
has been found at the Connecticut town.

Chaplains for Fire Department.

Chicago, Aug. 7.—When the next an-
nual budget is sent to the city council it
is probable that it will contain a pro-
vision for the payment of several chap-
lains for the fire department. Agitation
for the appointment of ministers and
priests to such positions has been started
in earnest among the firemen of several
districts of the city. These chaplains,
according to the ideas of the promoters,
are to be invested with authority to at-
tend all fires. They will hold the same
privileges as the other officers of the
fire department.

Rejected Suitor Suicides.

New York, Aug. 7.—John Hall, a pro-
fessional singer, cut his throat here
under the window of the young woman
he had asked to be his wife, and who
had rejected his suit. He had gone to
the young woman's house to serenade
her, but she ordered him away. He
walked a few steps, sang a bar of the
song, "Because I Love You," and then
slashed his throat with a razor. He
will probably die.

No Clue to the Robbery.

San Francisco, Aug. 7.—The daring
and successfully executed robbery of the
Shelby Smelting Works at Crockett or
Vallejo Junction still puzzles the police
and no clue has been obtained as to the
whereabouts of the \$280,000 in gold
bullion taken from the vault. Detect-
ive Gibson has gone to Crockett to
bring in a witness who, he believes,
can give information which may lead
to the detection of the robbers. The
Smelting company holds itself respon-
sible for the entire loss and states none
of its employes are suspected of com-
plicity in the crime.

Lost all Her Jewelry.

Atlantic City, N. J., Aug. 7.—Mrs.
Julius Berger of New York, a guest of
the Liberty House, reported to the po-
lice the loss of all her jewelry, 20 pieces
in all, which she valued at \$25,000. She
says that while she was bathing her
room was entered and her trunk broken
open and ransacked. Nothing but the
jewelry was taken. It is believed that
a sneak thief entered the room by means
of the fire escape.

Young Women

The entry into womanhood is a critical time
for a girl. With her whole being undergoing a
change, the seeds of female troubles are sown.
Little menstrual disorders, if neglected at the
time, will follow the woman all her life and
grow into fatal complications. That female
troubles are robbing homes and filling grave-
yards, proves this. Yet, irregular and painful
menstruation are often permitted to go on, sap-
ping the life and energy, while Wine of Cardui,
the positive relief for these ills, is on the shelf
of every drug store. Wine of Cardui helps the
maiden sustain the shock of puberty by induc-
ing a painless and natural menstrual flow.
When once this important function is started
right, a healthy life will usually follow. Wine
of Cardui is an emmenagogue of great power,
and works wonders in strengthening the deli-
cate and sensitive female organs. Many young
women owe their lives to Wine of Cardui. No
woman should give up hope until she has given
Wine of Cardui a trial. If thousands have
secured relief through it, why not you?

WINE OF CARDUI

Tully, Kas., Feb. 24, 1899.
I have suffered untold pain at menstrual
periods for a long time; was nervous, had no
appetite, and lost interest in everything. In
fact was miserable. I have taken four bottles
of Wine of Cardui with Black-Draught when
needed and to-day I am entirely cured. I can-
not express the thanks I feel for what you
have done for me.

FRANKLIN BROTHERS

LEADERS DEPORTED.

Citizens of Tampa Take the Situation in Their Own Hands.

Tampa, Fla., Aug. 7. — The strike situation here is one of awe and bewilderment on the part of the strikers and unmovable determination by the citizens. No word has been received from the Resistencia leaders who "were deported" Monday night. The vigilantes are sworn to secrecy, but admit the men will never return to Tampa. The exact number of the men deported is not yet known, but every prominent leader of the union is missing. It is a street report that other less prominent leaders are marked and that deportation may take place at any moment.

The deported leaders were first driven to the county jail where they remained on the outside under guard for a few minutes. Then they disappeared and have not been seen since. Various rumors as to their whereabouts have been circulated, it being most generally reported that they were taken down to the gulf on an unknown and mysterious vessel. All of the deported strike leaders were Spaniards and Cubans.

The boldness of the whole affair and the accomplishment of the deportation without bloodshed is one of the remarkable features of the strike which has kept Tampa in a ferment for a week.

An address will be issued by the citizens telling the strikers to immediately resume work or that deportation will not be confined to the leaders.

The soup-houses are to be closed by force at once and the food shut off from the strikers, forcing them to either leave the city, resume work or starve.

A proclamation has been issued here, signed "The People of Tampa." It says in part:

"To the anarchists and professional labor agitators: We say that your days in Tampa are at end. We cannot and will not permit you to destroy this prosperous city. If you have regard for your safety you will shake its dust from your feet."

Leaders Still Missing.

Tampa, Fla., Aug. 7.—Leaders of the Resistencia union are still missing and their friends are unable to account for their disappearance. It is known these men were taken and spirited away, but no one has any idea where they are now. Every effort has been made by friends to locate them but to no avail.

Justice in a Hurry.

Atlanta, Aug. 7.—Guarded by three companies of state militia for his protection, Raymond Ross, a negro charged with assaulting a Mrs. Miller, was carried to Canton, Ga., from Atlanta to stand trial. A special session of court was called by Judge Gober. The trial consumed only 40 minutes. The negro was convicted and sentenced to be hanged Aug. 27.

Burned Himself to Death.

Provo, Utah, Aug. 7.—James Wilson, a patient at the insane asylum, threw himself head first into the open door of a furnace here. He was badly burned before being pulled out. While bandages were being prepared Wilson broke away and again threw himself into the furnace, this time being so frightfully burned that he died within a short time.

Fire at Shreveport.

Shreveport, La., Aug. 7.—Fire here Tuesday totally destroyed the Kohan Dry Goods company, furniture stock of Enners & Son, the Regent shoe store and A. M. Kaufman on either side suffered damage. The total loss is estimated at about \$125,000, insurance \$75,000.

The Chillest August.

New York, Aug. 7.—The official record of the local weather bureau shows that Aug. 6, this year, was the chillest Aug. 6 in 25 years. The average temperature was 68 degrees as against 78 degrees for the same date last year.

Typhoid Among German Troops.

TEXAS LEGISLATURE.

The Extraordinary Session Called by the Governor Convened.

THE BANK FAILURE.

Considerable Surprise Expressed That the State Had so Much Money in the First National—Redistricting Bills Offered.

Austin, Aug. 7.—The Texas legislature convened in special session yesterday for the purpose of considering the redistricting of the congressional districts of the state, so as to add three additional districts to the 13 already existing. The governor also sent in his message recommending action on these subjects and asked for a general appropriation bill for the ensuing two years, requested special appropriations for the state volunteer guard and asked for a sugar refinery in connection with the state penitentiary farm.

Considerable excitement seems attendant upon the closing of the First National bank of this city by the federal examiner. It now develops that the state of Texas may lose something like \$375,000 by this closing up of the bank and as the governor called the attention of the members to the closing of the bank, a resolution will be introduced in the by Representative Kennedy providing for a special committee to investigate why the state had so much money in the bank on deposit when it was all supposedly in the state treasury.

There were no sensational features in either houses.

Senator Potter has adopted a concurrent resolution commending Major R. Hare of the Twelfth cavalry to the president for appointment as a brigadier general in the regular army. The vote by which the resolution was adopted was reconsidered and tabled and the resolution was reported to the house.

Senator Wilson introduced the first two bills, one appropriating \$45,000 to pay mileage and per diem and the other \$10,000 for contingent expenses of this session. The bills were referred to the finance committee and immediately reported favorably, called up, engrossed and passed finally under a suspension of the rules. Senator Miller voting nay on all calls.

In the house a resolution by Mr. Meitner providing for the printing of 5000 extra copies of the first day's journal was adopted.

Congressional apportionment bills were introduced by Messrs. McNally, Ellis and Robertson of Williamson.

Mr. Morrow introduced a bill to apportion the state into representative districts. All the bills were referred to the apportionment committee.

Austin, Aug. 7.—In the house this morning Mr. Murray introduced a bill making an appropriation for the maintenance of the state government for two years.

A resolution was adopted allowing each member to subscribe for three copies of a daily paper to cost not exceeding 3 cents per copy.

A resolution was passed for the appointment of committee of five to investigate the reports that \$300,000 of state funds were tied up in the bank which has recently been placed in the hands of a receiver.

The committee appointed is Kennedy of Limestone, Bullock, Craddock, Crawford and Shannon.

A resolution was unanimously adopted requesting the governor to issue a special message to the legislature asking for the re-enactment of the sheriff's fee bill passed at the regular session, but the validity of which is in doubt because during the rush on the last day the speaker inadvertently failed to sign the act.

In the senate a concurrent resolution recommending the promotion of Major Luther B. Hare to a brigadier generalship was passed.

Senate bill making appropriations for the mileage and per diem of the members and contingent expenses was introduced.

A resolution was adopted requesting Ambassador Clayton to urge the pardon by President Diaz of Mexico of Mack Stewart, an ex-Confederate, serving a life sentence in Mexico for murder.

Senator Turley introduced a general appropriation bill, carrying \$5,400,000.

May Run for Senator.

Washington, Aug. 7.—Since the arrival here of Governor Benton McMillin of Tennessee, he has announced that he will not be a candidate for governor again. He is now serving his second term. The announced intention of McMillin to no longer contend for gubernatorial honors is thought to foreshadow his announcement of his candidacy for the United States senate. It is presumed that he aspires to succeed Senator Bate, whose term expires on March 3, 1905.

New Department Store Plan.

Chicago, Aug. 7.—Thirty or more retail merchants handling different kinds of goods are preparing to organize an all-night department store. Negotiations for a building within the loop are being made in the hope of securing a satisfactory location for the new establishment. The combination is being promoted by Charles F. Gillman, who four years ago led the agitation against department stores.

THE STRIKE ORDERED

President Shaffer Calls Out All of the Amalgamated Men.

TAKE EFFECT AUG. 10

The Order Will Involve Over 100,000 Men and Suffering and Even Bloodshed Is Predicted as the Final Result of It.

Pittsburg, Aug. 7.—The die is cast: the battle of the giants is on in earnest, whether to ignominious defeat of one side or the other, or compromise remains to be seen. Up to now it has been merely a skirmish, each side is trying to find a vulnerable spot in each other's armor. Now it is different, brought about by the actual issuance of President Shaffer's long talked of strike order. This order is to take effect after the last turn of the mills on Aug. 10. What the result will be, no man can foretell, but judging by the expressed determination of both parties to the controversy the battle will be fast and furious.

Much money will be lost, thousands upon thousands of Amalgamated men will be idle, great suffering is looked for, even bloodshed and death are possible, and feared. The strike includes all Amalgamated men in the United States Steel Corporation's employ, not now on strike and will involve over 100,000 men.

DEFEAT MUST COME.

Neither Strikers Nor Steel Company Will Yield to the Other.

Pittsburg, Aug. 7.—It is generally accepted as a fact the steel workers strike will not be terminated until one or the other of the contending parties are defeated. There are some who express the opinion that the order of President Shaffer will not go into effect and that a compromise will be made before the week is out. As far as Pittsburg is concerned, although it is headquarters of the Amalgamated association, few men are immediately involved in the strike, in comparison with other sections, the total number throughout the country being almost 100,000 men.

There is no question but that the various companies of the United States Corporation will make efforts to start up some of the idle plants immediately and thus prevent a strike, if possible before its inception. Such a move was made at Clark's plant early this morning, and consternation reigned among the strikers in the Lawrenceville district when they learned that Captain Louis T. Brown, the general superintendent of the mill, had started up the 10 and 12 inch mills. A few of the strikers were around the plant and when they saw the two mills in operation they were speechless with surprise. The mill started with about 100 men and boys and Captain Brown says the entire plant will be running before the end of the week. Manufacturers in general profess confidence in the ability to get men to man the mills.

No disorder is reported anywhere. The Amalgamated association is making desperate attempts to break down the bulwarks of the non-unionists in the mill of the Carnegie company, the National Steel company and American Steel Hoop company. Organizers are at work at Homestead, Duquesne, Braddock and the upper and lower mills in this city and the Amalgamated people claim many converts in these non-union strongholds.

Jesse James in a New Line.

Kansas City, Mo., Aug. 7.—Jesse James is going to quit the cigar business. He has opened a pawn shop at 1216 1/2 Grand avenue, and will dispose of his old stand in the near future. It was his father's record that brought many a nickel to his place that otherwise would have gone somewhere else. Whether this charm will hold good in the new store remains to be seen. James thinks that it will, and, besides, as he says, "There's more money in it."

Fend Ends in a Killing.

Princeton, Ind., Aug. 7.—James Harbison, 30 years old, shot and instantly killed Frank Osborn, aged 21, in a field near Oakland City. Harbison says Osborn came to a field where he was working and announced that he was going to shoot the heart out of him, and then started to draw a revolver, whereupon he placed a ball between Osborn's eyes, killing him instantly. Harbison gave himself up. There had been a feud between them for some time.

Nothing from Mr. Rockhill.

Washington, Aug. 7.—The state department has heard nothing from Rockhill for several days as to the situation of affairs at Pekin and is at a loss to understand the reasons for the reported refusal of the English minister to sign the protocol. It is expected, however, Mr. Rockhill will be heard from fully on the subject in case delay bodes any serious issue over the conclusion of

things.

Wreck on the Katy.

Fort Worth, Tex., Aug. 7.—A wreck occurred on the Katy between Whitesboro and Pottsboro. The caboose and one car of a freight train went in the ditch. Conductor Marshall was slightly injured, but not seriously. The track was blocked and traffic suspended for some time. The passenger due here early this morning did not reach the Union depot until about noon.

KILLED BY HIGHWAYMEN.

Two Men Dead, Another Shot and Several Robberies Committed.

Lawton, O. T., Aug. 6.—Two men killed by highwaymen, one seriously wounded, \$1600 in money and nine watches taken, is the original record of the Lawton district for 24 hours. Irwin Rogers of May county, Oklahoma Territory, was shot and killed by one of three men who attempted to hold up a party a mile south of the townsite. All but Rogers ran and the robbers thought he intended to fight.

Another gang of highwaymen robbed nine different prairie schooners near Rush Springs Sunday night. The telegraph wires were cut and the news did not reach here until Tuesday. The gang was composed of three men, all of whom rode thoroughbred horses.

In one wagon containing S. E. Beemblossom of Guthrie, his 11-year-old son, two other persons, young Beemblossom was killed and a man, name unknown, riding a horse nearby, was shot and seriously wounded. The highwaymen in each instance escaped.

Took Both Prizes.

Fort Sill, Aug. 7.—John Wood of Weatherford, O. T., who drew No. 1 in the Lawton land district, created a sensation at the land office when filing for his claim, chose 160 acres running the entire length of the townsite south, which, according to the government plan, is the two most valuable selections in the whole reservation.

Miss Mattie Beals of Wichita, Kas., the telephone girl who had drawn No. 2 from the wheel, had counted on selecting one of these, but when Wood made the selection noted, she had to content herself with a tract south of Wood's and two sections away from the town. Wood's claim is valued at about \$50,000.

War on Gambling.

Lawton, O. T., Aug. 7.—After waiting in vain for the authorities to act, the citizens of Lawton took the gambling question in their own hands Monday night. The "surething" gamblers, emboldened by their successes Saturday and Sunday, stopped at nothing Monday. People were openly robbed. A crowd of home-seekers finally organized and served formal notice that no more unlicensed gambling would be permitted in or around Lawton.

It was a business organization which did not mince any words and there are no "surething" devices in sight.

Relay Wireless Telegraphy.

Boston, Aug. 7.—Wireless telegraphy by a relay system is to be tried in the vicinity of Boston. The system is the invention of Edgar S. Gray and it was tried in Vermont a short while ago. The apparatus consists, generally speaking, of two kites. One transmits the message and the other charges it with more force and sends it on. The inventor says he is able to send a message 50 miles overland and then pass it through the relay apparatus which he can manipulate from the starting point. He believes that such stations could be established at intervals of 50 miles, repeating and forwarding the message almost indefinitely.

Rainfall of Fifteen Inches.

Albemarle, N. C., Aug. 7.—The most destructive rain in 40 years fell in this vicinity Monday night. Little Long Creek washed out a fill on the Yadkin Valley railroad and swept away about 200 feet of the track. Trains have been tied up here for 12 hours. Great damage was done crops. Several bridges and watermills were washed away. The rainfall is believed to have been 15 inches.

Trouble Between Indians.

Helena, Mont., Aug. 7.—Trouble is brewing on the Flathead Indian reservation between Indians and halfbreeds. Tuesday near Roman Station six Indians and three halfbreeds fired a number of shots, one of the Indians being shot in the arm. The Indians object to halfbreeds picking up cattle on the reservation. Both sides are reinforcing and more trouble is anticipated.

Seven Are Dead.

Philadelphia, Aug. 7.—Seven dead, three or four probably fatally injured, and more than 60 persons hurt more or less seriously, is the latest revised record of Monday night's explosion in the block on Locust street, above Tenth in this city. How many more victims, if any, are still in the ruins will not be known until the debris has been cleared away.

Prof. Sherwood Dead.

Ballston, N. Y., Aug. 7.—Prof. Henry Sherwood of John Hopkins university died at Ballston Center. He was

THE MEXIA WILL CASE

Offers of Compromise Being Made
by Ramsey Heirs.

HARD FOUGHT SUIT.

Texas Lawyer at New York Consulting
the Claimants There in the Con-
troversy—The Value of the
Property Has Dwindled.

New York, Aug. 7.—George H. Plow-
man, a lawyer of Dallas, Tex., is in the
city for the purpose of consulting his
clients, Mrs. Mary Gray Mexia, widow
of General Mexia of the City of Mexico,
and her daughter, Miss Amara Lucy
Mexia, who are among the contestants
of the will of General Mexia, who died
in the City of Mexico in 1890. His es-
tate consists of more than 50,000 acres
of land in Texas, as well as bonds and
other property.

Offers of a compromise have been
made by some of the contestants and
Mr. Plowman will discuss these terms
with Mrs. Mexia and her daughter. The
contest of the will, which has been be-
fore the courts at Dallas for more than
five years, is one of the most celebrated
law cases of the state. The estate origi-
nally was valued at \$1,000,000, and is
now believed to be worth about \$200,-
000. Mrs. Mexia is now living in Pat-
erson, N. J., where they have resided
for several years. General Mexia held
a high rank in the Mexican army, was
a close friend of President Diaz and for
a long time one of his chief advisors,
and for many years was president of
the Mexican National Lottery.

According to evidence before the Dal-
las court it was shown that in 1867 he
met Miss Mary Gray, who was at the
time living with her father near New
Orleans. General Mexia being on ac-
tive duty in the Mexican army at Tam-
pico at the time fixed for the wedding,
a marriage by proxy was arranged. The
validity of this marriage by proxy has
been repeatedly attacked, inasmuch as
General Mexia in 1868 married Mrs.
Ramsey, widow of Colonel A. C. Ram-
sey, a United States army officer. Three
children were born to Mrs. Ramsey
while she was the colonel's wife, Clara-
nce M., Inez and Adele. The second
wife having died on March 25, 1896, the
general married Mrs. Martha W.
Weightman of this city.

When General Mexia's will was offered
for probate in Dallas it was found he
had left all of his estate to Inez and
Adele Ramsey Mexia. The Ramsey-
Mexia sisters have now offered to com-
promise the case, it is said, and the
question of accepting the terms of com-
promise offered is being considered by
the other side.

Funeral of Empress Frederick.

Berlin, Aug. 7.—The funeral of Em-
press Frederick will take place on Tues-
day next. The remains will be depos-
ited in the Friedens-Kirchens mausoleum
near Potsdam.

Comment of French Papers.

Paris, Aug. 7.—French papers print
long obituary notices of the dowager
empress of Germany. Most of them
dwell at length upon the energy she dis-
played in the struggle with Bismarck.

More Troops Deemed Necessary.

Oberursel, Aug. 7.—The troops order-
ed here in connection with the funeral
of the dowager empress of Germany has
been greatly augmented. It is stated
that this is done owing to the presence
of a large number of Italian workmen
on the new railway near Friederichshof,
some of whom are said to have gone so
far as to cut the telegraph wires be-
tween Cronberg and Hamburg.

Refused American Gold.

New York, Aug. 7.—The United
States naval collier Brutus, which has
just arrived at Tompkinsville, Staten
Island, from Guam, brings an interest-
ing story of a refusal to accept American
gold during the voyage. At Port Said
entrance to the Suez canal the Brutus'
commander was asked for \$3840 tolls
which amount was tendered in American
gold, but was refused. It was not
until the government had been com-
municated with that the boat was re-
leased.

Assassination of King Humbert.

New York, Aug. 7.—Large red plac-
ards were posted throughout Paterson,
N. J., announcing that the "Right of
Existence" group of anarchists will pro-
duce at the American theater here on
Sunday, Aug. 18, a grand tragedy called
"The Assassination of King Humbert I."
The play will depict Bresci draw-
ing the fatal lot at a meeting of the
group, his journey to Italy, the scene of
the assassination and Bresci's imprison-
ment and suicide.

To Protect American Interests.

Washington, Aug. 7.—The navy de-
partment has ordered the gunboat Ma-
chias, now at Boston, to proceed to
Hampton Roads and thence to Colon, at
the eastern terminus of the Panama
railroad, to look after American inter-
ests there. This is in connection with
the reports of disturbances and inter-
ruption of traffic at the isthmus.

Trains Held by Washouts.

Albuquerque, N. M., Aug. 7.—Six
passenger trains are tied up here owing
to washouts on the Santa Fe railroad.
It is expected that repairs on the main
line can be completed in a day, but no
trains can be run to or from Santa Fe
for a day or two. Near two inches of
rain fell at Santa Fe in two hours. Tele-
graph wires are in bad shape.

TEXAS NEWS.

Crushed Under a Train.

Texarkana, Ark., Aug. 7.—H. B.
Dickinson, a citizen of Fulton, 30 miles
north of here on the Iron Mountain
railway, jumped from a moving train
fell under the wheels and was crushed
to death. He was returning from a
visit here and had purchased a ticket
for a point beyond Fulton, but is sup-
posed to have changed his mind and
thought to get off at home, with the
result noted.

Largest Negro Dead.

Tyler, Tex., Aug. 7.—Jim Henry, a
negro, died near this city a few days
ago. He weighed nearly 400 pounds and
was 6½ feet tall. It required a coffin
seven feet long and three feet wide in
which to bury the negro. Deceased was
quite a noted character and always vot-
ed the Democratic ticket straight.

Killed by a Fall.

Henrietta, Tex., Aug. 7.—Rouben Dud-
ley, aged 20, was thrown from a horse
here which fractured his skull and
crushed him internally that he died.
He was riding over a rough piece of
ground when his horse stumbled and
fell, throwing him to the ground, his
head striking a large rock.

Greenhaw Still Living.

Kemp, Tex., Aug. 7.—John Greenhaw
who was shot at Aley 18 days since is
still living, but little hopes for his re-
covery is entertained. He is paralyzed
from his waist down, and the fever re-
sulting from the wounds is likely to
destroy him.

Knights Templar Programme.

Louisville, Aug. 7.—The official
programme of the twenty-eighth triennial
conclave of Knights Templar to be
held here the last week in this month
has been announced. The week will
open Sunday with public worship at
the Broadway Methodist church. Mon-
day will be devoted to receiving at de-
pots and escorting to quarters all ar-
riving commanderies. Monday night
the opening of the headquarters of the
Grand Commanderies of Kentucky. Tues-
day morning the big parade, Tues-
day night a reception at Masonic Wid-
ows' and Orphans' home, entertainment
at the Confederate hall entitled "Dark-
est America" fire works, and first of
the series of excursions up the Ohio.
Competitive drill is scheduled for Wed-
nesday and Thursday night the grand
ball. Friday will be devoted to side
trips through the blue grass region and
Mammoth Cave.

Battery Charge Record.

Chicago, Aug. 7.—Nearly 200 miles
on one battery charge is the latest per-
formance of an electric automobile, set-
ting a new mark for these vehicles.
The machine is the joint output of two
Cleveland companies and a Chicago
company. The performance of the new
machine is due to the advanced im-
provements in three parts of the
machine, battery, motor and running
gear, which enables it to cover more
than twice as many miles on one charge
as has heretofore been done by electric
vehicles. This was made on the
Chicago boulevards.

Miss Gattlin Missing.

New York, Aug. 7.—Miss Amanda
Gattlin of Nashville, Tenn., is missing
and relatives are now in the city trying
to find her. Miss Gattlin, who is 21
years old, and who is described as a
typical southern beauty, disappeared
from New York about June 10. She
came here for the purpose of complet-
ing her studies. Early in June, it is
said, her baggage was sent to Green-
wich, Conn., from the hotel where she
had been stopping, but up to the pre-
sent time no trace of the young woman
has been found at the Connecticut town.

Chaplains for Fire Department.

Chicago, Aug. 7.—When the next an-
nual budget is sent to the city council it
is probable that it will contain a pro-
vision for the payment of several chap-
lains for the fire department. Agitation
for the appointment of ministers and
priests to such positions has been started
in earnest among the firemen of several
districts of the city. These chaplains,
according to the ideas of the promoters,
are to be invested with authority to at-
tend all fires. They will hold the same
privileges as the other officers of the
fire department.

Rejected Sultor Suicides.

New York, Aug. 7.—John Hall, a pro-
fessional singer, cut his throat here
under the window of the young woman
he had asked to be his wife, and who
had rejected his suit. He had gone to
the young woman's house to serenade
her, but she ordered him away. He
walked a few steps, sang a bar of the
song, "Because I Love You," and then
slashed his throat with a razor. He
will probably die.

No Clew to the Robbery.

San Francisco, Aug. 7.—The daring
and successfully executed robbery of the
Shelby Smelting Works at Crockett or
Vallejo Junction still puzzles the police
and no clew has been obtained as to the
whereabouts of the \$280,000 in gold
bullion taken from the vault. Detec-
tive Gibson has gone to Crockett to
bring in a witness who, he believes,
can give information which may lead
to the detection of the robbers. The
Smelting company holds itself respon-
sible for the entire loss and states none
of its employees are suspected of com-
plicity in the crime.

Lost all Her Jewelry.

Atlantic City, N. J., Aug. 7.—Mrs.
Julius Berger of New York, a guest of
the Liberty House, reported to the po-
lice the loss of all her jewelry, 20 pieces
in all, which she valued at \$25,000. She
says that while she was bathing her
room was entered and her trunk broken
open and ransacked. Nothing but the
jewelry was taken. It is believed that
a sneak thief entered the room by means
of the fire escape.

Young Women

The entry into womanhood is a critical time
for a girl. With her whole being undergoing a
change, the seeds of female troubles are sown.
Little menstrual disorders, if neglected at the
time, will follow the woman all her life and
grow into fatal complications. That female
troubles are robbing homes and filling grave-
yards, proves this. Yet, irregular and painful
menstruation are often permitted to go on, sap-
ping the life and energy, while Wine of Cardui,
the positive relief for these ills, is on the shelf
of every drug store. Wine of Cardui helps the
maiden sustain the shock of puberty by induc-
ing a painless and natural menstrual flow.
When once this important function is started
right, a healthy life will usually follow. Wine
of Cardui is an emmenagogue of great power,
and works wonders in strengthening the deli-
cate and sensitive female organs. Many young
women owe their lives to Wine of Cardui. No
woman should give up hope until she has given
Wine of Cardui a trial. If thousands have
secured relief through it, why not you?

WINE OF CARDUI

Tully, Kas., Feb. 24, 1899.
I have suffered untold pain at menstrual
periods for a long time; was nervous, had no
appetite, and lost interest in everything; in
fact was miserable. I have taken four bottles
of Wine of Cardui with Black-Draught when
needed and to-day I am entirely cured. I can-
not express the thanks I feel for what you
have done for me.

Where do You Get Off?

It is a wise thing to know when to get off a train, but prudence would suggest that you get off when the train is standing still, as you would no doubt be worth more to your family by doing so.

Now let us help you to decide where to get off. If you are preparing to take your summer vacation, why not get off at Galveston, La Porte, Seabrook or Port Lavaca. Our trains all stop at Houston and make close connections with G. H. & N. and N. Y. T. & M. railways for points mentioned, and with the San Antonio and Aransas Pass Railway for Rockport, Corpus Christi and Aransas Pass.

All the hotels at these points are modern in their appointments and you will find the sun bathing, boating and fishing, just what you need in the way of relaxation. Local Agents of the Houston & Texas Central Railroad will be glad to quote you rates, or you should write to

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

To Cure Dyspepsia and Indigestion. Sour Stomach or Heartburn, take Rex Dyspepsia Tablets. All druggists are authorized to refund money if they fail to cure. Price 50 cents. M. H. James, the leading druggist, Bryan, Texas.

FRANKLIN BROTHERS

LEADERS DEPORTED.

Citizens of Tampa Take the Situation in Their Own Hands.

Tampa, Fla., Aug. 7. — The strike situation here is one of awe and bewilderment on the part of the strikers and unmovable determination by the citizens. No word has been received from the Resistencia leaders who "were deported" Monday night. The vigilantes are sworn to secrecy, but admit the men will never return to Tampa. The exact number of the men deported is not yet known, but every prominent leader of the union is missing. It is a street report that other less prominent leaders are marked and that deportation may take place at any moment.

The deported leaders were first driven to the county jail where they remained on the outside under guard for a few minutes. Then they disappeared and have not been seen since. Various rumors as to their whereabouts have been circulated, it being most generally reported that they were taken down to the gulf on an unknown and mysterious vessel. All of the deported strike leaders were Spaniards and Cubans.

The boldness of the whole affair and the accomplishment of the deportation without bloodshed is one of the remarkable features of the strike which has kept Tampa in a ferment for a week.

An address will be issued by the citizens telling the strikers to immediately resume work or that deportation will not be confined to the leaders.

The soup-houses are to be closed by force at once and the food shut off from the strikers, forcing them to either leave the city, resume work or starve.

A proclamation has been issued here, signed "The People of Tampa." It says in part:

"To the anarchists and professional labor agitators: We say that your days in Tampa are at end. We cannot and will not permit you to destroy this prosperous city. If you have regard for your safety you will shake its dust from your feet."

Leaders Still Missing.

Tampa, Fla., Aug. 7. — Leaders of the Resistencia union are still missing and their friends are unable to account for their disappearance. It is known these men were taken and spirited away, but no one has any idea where they are now. Every effort has been made by friends to locate them but to no avail.

Justice in a Hurry.

Atlanta, Aug. 7. — Guarded by three companies of state militia for his protection, Raymond Ross, a negro charged with assaulting a Mrs. Miller, was carried to Canton, Ga., from Atlanta to stand trial. A special session of court was called by Judge Giber. The trial consumed only 40 minutes. The negro was convicted and sentenced to be hanged Aug. 27.

Burned Himself to Death.

Provo, Utah, Aug. 7. — James Wilson, a patient at the insane asylum, threw himself head first into the open door of a furnace here. He was badly burned before being pulled out. While bandages were being prepared Wilson broke away and again threw himself into the furnace, this time being so frightfully burned that he died within a short time.

Fire at Shreveport.

Shreveport, La., Aug. 7. — Fire here Tuesday totally destroyed the Kohan Dry Goods company, furniture stock of Enners & Son, the Regent shoe store and A. M. Kaufman on either side suffered damage. The total loss is estimated at about \$125,000, insurance \$75,000.

The Chillest August.

TEXAS LEGISLATURE.

The Extraordinary Session Called by the Governor Convened.

THE BANK FAILURE.

Considerable Surprise Expressed That the State Had so Much Money in the First National—Redistricting Bills Offered.

Austin, Aug. 7. — The Texas legislature convened in special session here yesterday for the purpose of considering the redistricting of the congressional districts of the state, so as to add three additional districts to the 13 already existing. The governor also sent in his message recommending action on these subjects and asked for a general appropriation bill for the ensuing two years, requested special appropriations for the state volunteer guard and asked for a sugar refinery in connection with the state penitentiary farm.

Considerable excitement seems attendant upon the closing of the First National bank of this city by the federal examiner. It now develops that the state of Texas may lose something like \$375,000 by this closing up of the bank and as the governor called the attention of the members to the closing of the bank, a resolution will be introduced in the by Representative Kennedy providing for a special committee to investigate why the state had so much money in the bank on deposit when it was all supposedly in the state treasury.

There were no sensational features in either houses.

Senator Potter has adopted a concurrent resolution commending Major R. Hare of the Twelfth cavalry to the president for appointment as a brigadier general in the regular army. The vote by which the resolution was adopted was reconsidered and tabled and the resolution was reported to the house.

Senator Wilson introduced the first two bills, one appropriating \$45,000 to pay mileage and per diem and the other \$10,000 for contingent expenses of this session. The bills were referred to the finance committee and immediately reported favorably, called up, engrossed and passed finally under a suspension of the rules. Senator Miller voting nay on all calls.

In the house a resolution by Mr. Meitzner providing for the printing of 5000 extra copies of the first day's journal was adopted.

Congressional apportionment bills were introduced by Messrs. McAnally, Ellis and Robertson of Williamson.

Mr. Morrow introduced a bill to apportion the state into representative districts. All the bills were referred to the apportionment committee.

Austin, Aug. 7. — In the house this morning Mr. Murray introduced a bill making an appropriation for the maintenance of the state government for two years.

A resolution was adopted allowing each member to subscribe for three copies of a daily paper to cost not exceeding 3 cents per copy.

A resolution was passed for the appointment of committee of five to investigate the reports that \$300,000 of state funds were tied up in the bank which has recently been placed in the hands of a receiver.

The committee appointed is Kennedy of Limestone, Bullock, Craddock, Crawford and Shannon.

A resolution was unanimously adopted requesting the governor to issue a special message to the legislature asking for the re-enactment of the sheriff's fee bill passed at the regular session, but the validity of which is in doubt because during the rush on the last day the speaker inadvertently failed to sign the act.

In the senate a concurrent resolution recommending the promotion of Major Luther B. Hare to a brigadier generalship was passed.

Senate bill making appropriations for the mileage and per diem of the members and contingent expenses was introduced.

A resolution was adopted requesting Ambassador Clayton to urge the pardon by President Diaz of Mexico of Mack Stewart, an ex-Confederate, serving a life sentence in Mexico for murder.

Senator Tarley introduced a general appropriation bill, carrying \$5,400,000.

May Run for Senator.

Washington, Aug. 7. — Since the arrival here of Governor Benton McMillin of Tennessee, he has announced that he will not be a candidate for governor again. He is now serving his second term. The announced intention of McMillin to no longer contend for gubernatorial honors is thought to foreshadow his announcement of his candidacy for the United States senate. It is presumed that he aspires to succeed Senator Bate, whose term expires on March 3, 1905.

New Department Store Plan.

Chicago, Aug. 7. — Thirty or more retail merchants handling different kinds of goods are preparing to organize an all-night department store. Negotiations for a building within the loop are being made in the hope of securing a satisfactory location for the new establishment. The combination is being promoted by Charles F. Gillman, who four years ago led the agitation against department stores.
